WELCOME TO THE GERMAN
MANUFACTORY
FOR FREEDOM WITH MOTORHOMES

BUILT IN GERMANY, AT HOME ALL OVER THE WORLD

Welcome to Echzell! On the following pages, we will present the philosophy of a company that was established more than 30 years ago. Right from the start, we focused on one of the most precious goods our customers possess: their leisure time!

EVOLUTION

OF TRADITION

WHAT STARTED MORE THAN 30 YEARS AGO as a small van conversion business has developed into a major company when it comes to quality.

LA STRADA is now a byword for motorhomes of superior quality and for expertise in the reliable realisation of practically feasible innovations. **LA STRADA** has always been associated with solid and elegant motorhomes and manufacturing methods; this applies as much today as it did right at the beginning!

At **LA STRADA**, we don't merely rely on mass-produced technology but utilise its full potential! The technical backbone of our motorhomes are the base vehicles from renowned manufacturers. The interiors and features, however, are fully customised to suit your personal requirements.

QUALITY

MADE IN ECHZELL

QUALITY

WHEREVER YOU ARE TRAVELLING

LIFESTYLE DESIGN IN LARGE VOLUMES!

Design, functionality and manual ability of the various crafts assure the know-how of the manufactory. At **LA STRADA** we build each vehicle as unique piece because each motorhome is personally marked by you. Quality down to the last detail!

TRADITION COUPLED WITH MAXIMUM INNOVATION

Owning a **LA STRADA** is not like owning a standard motorhome; **LA STRADA** owners make a statement! Regardless of how contemporary or classic the design of your individual vehicle will be, when you will hold the steering wheel of your new **LA STRADA** for the first time, you will feel the powerful impact of true motorhome manufacturing expertise!

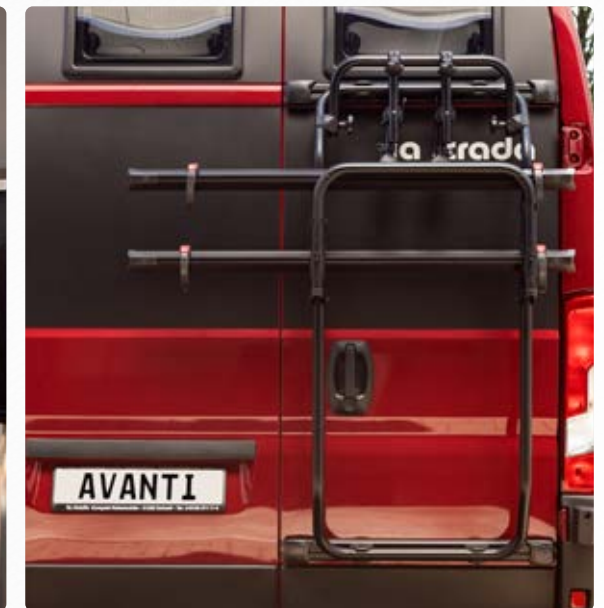

ONLY ONE MOTORHOME MANUFACTORY
CAN OFFER YOU CUSTOMISED

FEATURES

COMPLETELY BESPOKE – CLEVERLY DESIGNED
DOWN TO THE SMALLEST DETAIL

QUALITY DOWN TO THE LAST SEAL

All of the details are worked out completely digitally before the data is passed on to our furniture construction department, where all elements are then cut and coded by high-precision and state-of-the-art CNC milling machines.

WHEELS THAT
MEAN THE WORLD

The quality of a motorhome always depends on its construction. In this area, **LA STRADA** has gained maximum expertise over the years. The base vehicles and chassis we use are made by the well-established manufacturers Mercedes-Benz and Fiat.

A proven basis you can always trust in. Your new **LA STRADA** is therefore driven by technology manufactured in large volumes that guarantees reliability and world-wide service availability.

Regardless of whether you opt for a model with four-wheel drive or with conventional front or rear drive, you can always rely on tried-and-tested technology.

TINTED FRAMED WINDOWS
Very contemporary: framed windows with flat tinted glass.

**AVANTI
TECHNIC PACKAGE 2
HEAT ABSORBING
WINDSCREEN**
Keeps some of the heat out when the sun is overdoing it.

COLOURS
Striking or understated: a choice of up to eleven colours, depending on the model range.

ALLOY WHEELS
16" alloy wheels, special tyres and painted front bumper corners.

**OPTIONAL LED DAY-
TIME RUNNING LIGHTS**
Elegant as well as safe.

FEATURES

OPTIMUM LOAD DISTRIBUTION

Solid basis for all load requirements: whether 16" maxi chassis, optional partial or full air suspension or payload increase to more than 3.5 tons.

ON-ROAD ENTERTAINMENT

Multimedia systems with touch screen.

FOUR-WHEEL DRIVE

Freedom for all LA STRADA vehicles also away from tarmacked roads – that's our goal.

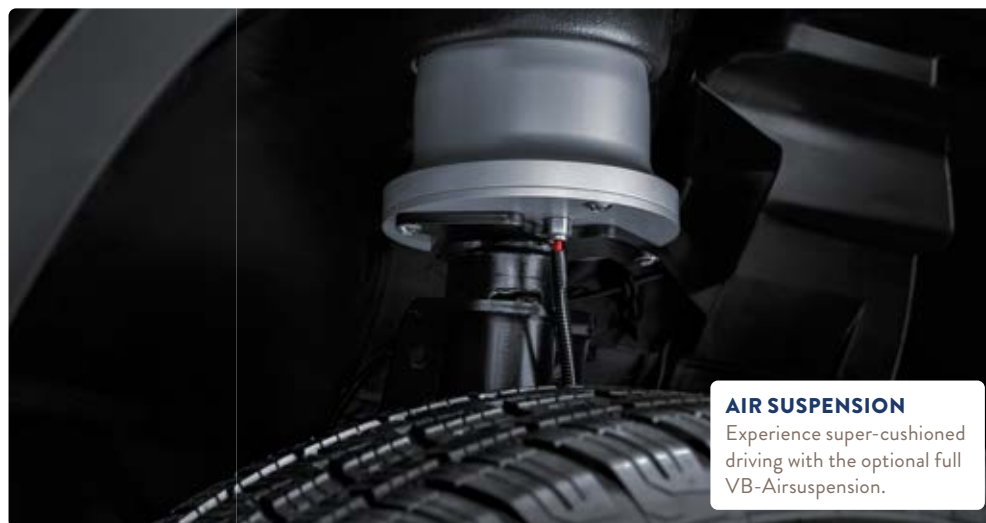

VB-FULLAIR 4C AUTO LEVEL

Everything in control: levelling, tilting and balancing at the push of a button with the optional full VB-Airsuspension.

EXCLUSIVE WHEELS

On request, your new LA STRADA comes with attractive 15", 16" or 17" aluminium wheels, depending on the model.

AIR SUSPENSION

Experience super-cushioned driving with the optional full VB-Airsuspension.

NO COMPROMISES: PRECISION THAT WILL SAFELY KEEP YOU MOVING

Well-arranged and transparent. Important factors when it comes to the technical systems installed! The systems are structured in a way that is easy to understand and which allows service technicians to employ standard methods. Even the **LA STRADA** owner doesn't have to be a qualified mechanic to carry out simple routine checks and small maintenance jobs. A reassuring feeling on long-distance trips.

**AMAZING
SMALL SPACE!**

The meticulous preparation of the interior space with high-performance well-fitting insulation is typical for **LA STRADA**.

We thereby ensure that the vehicle is not only excellently insulated but that also the driving vibrations and noises get reduced. A classic example of the “hidden” **LA STRADA** qualities.

Furthermore, the comfortable seats in a light-flooded interior offer space and well-being to all passengers enjoying a cosy breakfast, a small lunchtime snack or a stylish dinner together. Full-size beds that make it possible to get a good night's sleep in generously-sized sleeping berths are another sign of outstanding comfort, particularly if they are equipped with the special Froli Star spring system, as ours are.

AVANTI INTERIOR
Whether stylish, elegant, factual or colourful, but always practical and high-end – the choice is yours.

FROLI STAR SPRING SYSTEM
Extremely hygienic sprung mattresses with punctual flexible support and special covers for perfect sleeping comfort.

AVANTI DOUBLE FLOOR
Practical, spacious and heated; rather unusual in the compact motorhome segment.

AVANTI F / HPLUS / H SLEEPING SPACE
Spacious, comfortable and relaxing. Enjoyable sleeping without compromises.

AVANTI COMFORT WASHROOM
Meticulously sealed, fitted in a space-saving way and easy to use.

AVANTI BIKE RACK
Sliding bike carrier for optimum comfort to allow easy access to the rear storage space.

FEATURES

TAMBOUR DOOR CUPBOARDS

Safe storage, regardless of the road conditions. Everything stays in its place!

GENEROUS SLEEPING ROOMS

Compact yet also incredibly spacious with up to 4 berths.

MULTIFUNCTIONAL KITCHEN

The cleverly designed kitchen offers many practical solution details. Perfect for cooking on the road.

DOUBLE FLOOR

A double floor with underfloor heating offers even more storage space and comfort. It also ensures that the overall load is evenly disposed.

COMFORT LOUNGE

Comfortable driving and living thanks to rigidly mounted seats, adjustable backrest and Isofix fitting system with top tether.

OPTIMUM USE OF SPACE

The interior design calls for vision and expert knowledge. For **LA STRADA**, comfort means that all of the passengers can move freely and have enough privacy, preferably without having to modify the layout. The interior features must also meet contemporary standards with regard to comfort and user-friendliness. Of course, a well-laid-out interior also includes sufficient storage space all over the superstructure. Cleverly positioned cupboards, drawers, clothes rails, lockers and compartments therefore also increase the comfort level.

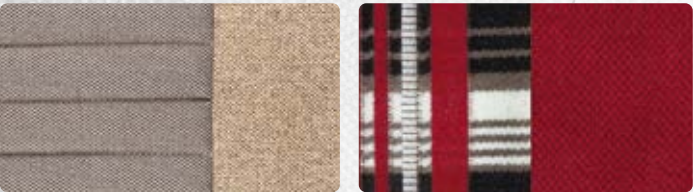

UPHOLSTERY

Comfortable, practical, durable, beautiful and easy to clean - our wide selection of fabric, half-leather and leather upholstery is bound to include your personal favourite. Travel in luxury with the optional **LA STRADA** comfort seats that feature pneumatic lumbar supports, leather padded cushions, seat heating and even seat ventilation system for leather covered seats.

WE HAVE THE RIGHT
MODELS FOR ALL TYPES

WHICH LA STRADA TYPE ARE YOU?

LA STRADA STANDS FOR COMPACT,
PERFECT QUALITY MOTORHOMES

However, ultimately, the requirements of our customers differ widely. Our three product ranges **AVANTI**, **REGENT** and **NOVA** reflect this variety of needs – according to your individual ideas!

NOVA

REGENT

AVANTI

The **NOVA** is our flagship model! Built on a Mercedes chassis, it combines the outstanding quality that is typical for this manufacturer with surprising, unparalleled spaciousness and comfort.

PAGE 36

The **REGENT** is our compact model on a Mercedes Sprinter base. Perfect for two people who want to travel in style.

PAGE 44

The **AVANTI** is our all-rounder, as it meets all potential requirements in terms of space, layout and flexibility. Various model versions and vehicle lengths cover the entire spectrum of individual needs.

PAGE 50

NOVA

LUXURY MOTORHOME IN
THE COMPACT CLASS

DISTINGUISHED

DESIGN

red^{dot} winner 2020DESIGN QUALITY WITH
OUTSTANDING CONCEPTION.

When designing the GRP cabin of the new **NOVA**, the developers set special value on clear lines, preferably no disturbing locks, traps or handles.

Laborious internal hinges are mounted in the entrance door as well as in the outside trap-doors, modern push-to-open locks enable a clean overall exterior look. The outside trap-doors for the gas compartment and the one for the toilet cassette get unlocked through a press button located in the garage and in the entrance area. Both garage doors get locked via the remote control at the key ring. The darkened windows are flush mounted in the exclusive appearance of the vehicle. Just as does a large rear window besides bringing light and air inside the superstructure. The awning is tight-fitted in the foreseen cavity of the GRP cabin.

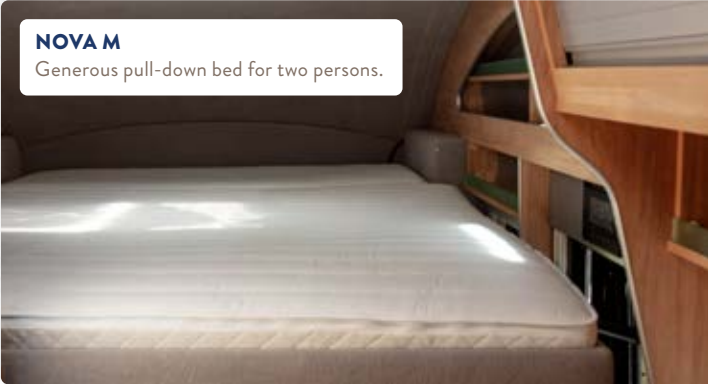

The exterior design of the **LA STRADA** flagship definitely sets the standard!

All pictures shown are for illustration purposes only – every LA STRADA is customised according to your requirements.

**TRAVELLING IN A
NOVA IS LIKE TRAVELLING IN
A MOBILE LUXURY HOTEL**

The **NOVA** combines clever design with inimitable comfort and the uncompromising **LA STRADA** quality in a very distinctive way. All of this on a Mercedes chassis; robustness and well-being are therefore guaranteed. Above all, the **NOVA** features all those little extras that make travelling a relaxed experience! Welcome home!

NOVA M
Generous pull-down bed for two persons.

INTERIOR
Comfortable equipment – perfect for long journeys.

SMART SOLUTIONS
Up-to-date and handy features.

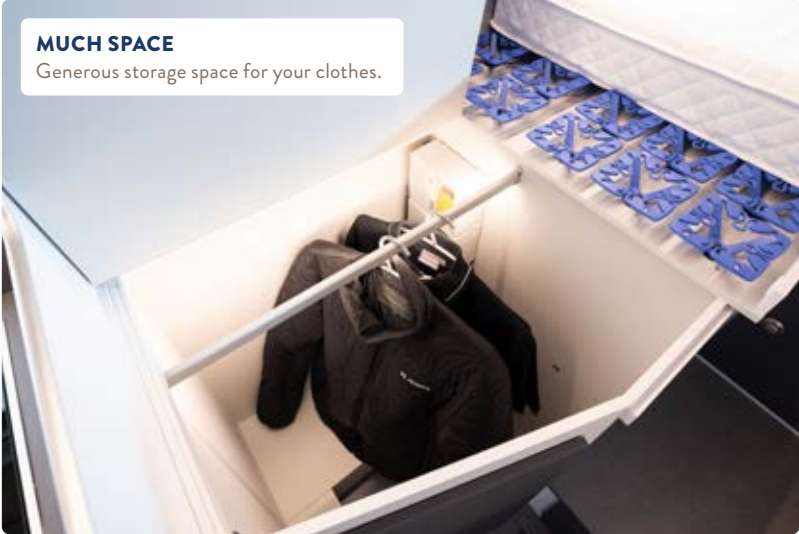

LARGE REAR WINDOW
Panoramic window for breathtaking views.

COMFORT WASHROOM
With a foldable washbasin nicely integrated under the mirror cabinet for more movement space.

THE KITCHEN
Modern design and perfect functionality.

MUCH SPACE
Generous storage space for your clothes.
